Play. Discover. Grow. Transcend.  
You Belong in Bellingham, WA

## What We Offer

*An Unforgettable Time*

Amazing small group encounters, emphasizing the love of art, Pacific Northwest culture, and the great outdoors— we are artists and creative thinkers, passionate about living an interesting life. Through enriching, imaginative experiences, we bring fun, adventure, and creativity to your world.

## A Fresh Approach

*Leisure Meets Learning*

Art is not a gene or a specific talent reserved for the chosen. It's an attitude, culturally driven and accessible to anyone who chooses to welcome it. Every human being is innately creative, and our artist-led workshops provide a nurturing, non-judgmental experience, perfect for the first time painter and all levels beyond. Tucked away on 7 1/2 beautifully wooded acres, our studio/gallery offers seclusion and privacy – a place to unplug, relax and be wildly creative.

Guided by a professional fine artist, embrace the process of making that comes naturally to each of us. Fertilize your imagination with local activities that thrill, conversations that click, scenic wonders that inspire. This is more than paint by numbers— it's artful living at its best.

## How We Are Different

*Expect The Concierge Treatment*

The antidote to 'Big Bus' vacations, we cater exclusively to small groups, seeking an intimate experience. Our events balance leisure time with the pursuit of lifetime learning most alumni groups seek, and curious people value. We integrate University memorabilia products into alumni group experiences, arrange opportunities for visiting alumni to connect with local alumni, facilitate hotel booking arrangements locally, and even offer airport pickup and drop off in our luxury Mercedes passenger van. We work hard to make your event a success so you don't have to.
